## TAKE CONTROL. FACE THE FUTURE

WITH A COMMANDING POSITION AT THE HELM, take everything in, including the 5" colour TFT screen delivering all your infographics in real time. Intuitive and accessible: make it your own.

**CALLER ID.** Check your calls while keeping your eyes on the road.

**AUDIO.** Get full details on your favourite artists and music you enjoy while in motion.

**SAFETY SHIELD.** Visual and audible warning signals are aimed at keeping you safe.

**COLOUR SELECTION.** Customise your screen to your preferences.

**TURN BY TURN NAVIGATION.** Never miss a turn thanks to rapid access to essential navigation info.

**STEERING FEEL.** Select sport or normal settings to change the steering weight.

**TYRE PRESSURE MONITORING SYSTEM.** No more guesswork: Each tyre pressure is displayed on your information screen, and a signal will light up on the dash if the tyre pressure is low.

**PARKING DISPLAY SENSORS.** Watch while Nissan Qashqai effortlessly delivers a precise parking display.

## NISSAN SAFETY SHIELD. FEEL EMPOWERED

The Nissan Safety Shield technologies are a comprehensive approach to safety that guides the engineering and development of every vehicle we make. Using cameras and sensors, the Nissan Qashqai delivers a combination of different safety systems which work together to build your confidence. These safety features help to protect you by focusing on three key areas:

- keeping an eye on your vehicle's systems and your surroundings.
- assisting in handling unexpected situations.
- helping to keep you safe in the unfortunate event of an accident

### HIGH BEAM ASSIST

When driving on a country road, for example, this system maximises your visibility by activating your high beams and temporarily dipping the lights when it recognises oncoming or distant traffic. With the full LED headlamps, Nissan Qashqai offers a wider and more illuminating driving experience.

### TRAFFIC SIGN RECOGNITION

The system keeps you up to date with all the latest speed limits by detecting the road signs as you go.

### LANE DEPARTURE WARNING

Watch out, you'll be warned if you drift out of your lane. Unless you're indicating, the system will remind you to straighten up. While it can detect the faintest road markings, it'll adjust its sensitivity on rural roads to allow for the different driving style required.

### FORWARD EMERGENCY BRAKING

Depending on speed and situation, Nissan's Forward Emergency Braking system may in certain circumstances reduce the impact of a collision by automatically activating the brakes if you get too close to the car in front of you.

### MOVING OBJECT DETECTION

Meet your digital parking co-pilot. This function lets you know if anything is approaching, with its 360 degree coverage - not just objects but children and animals too.

### BLIND SPOT WARNING

What you can't see, Nissan Qashqai can. If there's a vehicle in your blind spot area on either side of your car, a warning light will illuminate on the interior door panel. If you're indicating to change lanes and a vehicle is dangerously close, the light will flash and you'll hear a warning sound too.

### EURO NCAP 2014

Nissan Qashqai has received a maximum five-star rating from the independent vehicle safety organisation Euro NCAP.

### DRIVER ATTENTION ALERT

No risk of nodding off or losing focus: the system judges your concentration levels and fatigue state according to your input and warns you if you need a break with an audible and visible signal.

## PROTECT

**6 STANDARD AIRBAGS**  
Nissan Qashqai offers a full suite of active and passive safety features, with Nissan Safety Shield\* and front, side and curtain airbags.

NissanConnect

NISSANCONNECT \*

# INNOVATION THAT KEEPS YOUR WORLD WITHIN REACH

**SMART AND FUNCTIONAL.** NissanConnect is incredibly easy to use thanks to the high resolution 7" anti-glare touchscreen. It comes equipped with a rich range of features including audio, navigation and communication functions as well as cutting edge connectivity and smartphone integration features.

**CONNECTED WHEREVER YOU GO.** NissanConnect offers Smartphone integration. Enjoy an ever evolving list of applications\* from the comfort of your Nissan's display screen, all tailored to enhance your overall driving experience in a safe way.

**INTELLIGENT DRIVER ASSISTANCE** and navigation functions support you in all kinds of traffic situations with motorway exit views, lane guidance and dynamic re-routing.

**STREAMING AUDIO VIA BLUETOOTH\***. Enjoy AM, FM and Digital Radio or stream music from your mobile phone.

**IPOD/ USB INPUT.** Plug in your iPod or MP3 player to access your entire music library while you're on the road.

\*Driving is a serious business. Only use NissanConnect services when safe to do so. Some applications shown are not yet available and more will be available at a later date. NissanConnect service subscription required but is available on a complimentary basis for 2 years from purchase. Service and applications only available in select European countries and on select Nissan models. Services and applications may be provided by third parties outside Nissan's control and are subject to change without notice or liability to Nissan or its agents (including, without limitation, services cancelled/suspended by third parties.) Certain remote functions require compatible phone or device, not included with vehicle. Cellular networks are provided by cellular companies, and are not within Nissan's control. Cellular networks not available in all areas. Roaming charges and/or data usage charges may apply. Nissan is not responsible for any equipment replacement or upgrades or associated costs that may be required for continued operation due to service changes.

# TAKE IT EASY

**USING 4 CAMERAS,** Around View Monitor delivers a panoramic view around Nissan Qashqai to make reversing and parking a real breeze. Choose a bird's eye view to check out the lay of the land from above then opt for different dual views while manoeuvring – once you try it you will never want to drive a car without it!

## INTELLIGENT PARK ASSIST

**PARALLEL PARKING.** Drive up, size up your space and if Intelligent Park Assist says 'OK', position Nissan Qashqai within the frame and activate automatic manoeuvring for perfect parking.

**BAY PARKING.** In multi-storey car parks and busy supermarket bays, the Around View Monitor helps you find the best spot and fit. The Intelligent Park Assist system will even reverse park your Nissan Qashqai for you.

## AROUND VIEW MONITOR

**AVOID ANY SCRATCHES.** When driving forwards or in reverse, push the camera button to switch off the overhead view for a side view – great for checking how close you are to the kerb.

**COVER THOSE BLIND SPOTS.** In reverse, see what's directly behind you and use the overhead view to check for short objects that may otherwise be hidden below your line of vision.

**CHASSIS CONTROL** functions are displayed on your TFT display screen: Active Trace Control, Active Engine Brake and Active Ride Control work together to keep you in the driving seat.

**ACTIVE TRACE CONTROL** delivers confident handling when cornering by controlling brake pressure on each wheel to help trace the line of each bend and deliver smooth vehicle responses.

**ACTIVE ENGINE BRAKE** (Xtronic models only) enables smoother cornering and straight-line deceleration for a direct and engaging driving experience.

**ACTIVE RIDE CONTROL** applies subtle braking to restrain uncomfortable upper body motion and enhance ride comfort.

**ALL MODE 4x4-i:** off-road or on-road, 4x4-i maximises tyre traction by measuring wheel slip and instantly distributing torque automatically, with up to 50% going to the rear wheels. This intelligent system will also move the torque left and right to maximise traction.

## CHASSIS CONTROL REVEL IN THE RESPONSE

**CONFIDENT COMPOSURE** with Nissan Qashqai intuitive Chassis Control functions to back you up. Nissan's Chassis Control system delivers responsive and engaging handling, while delivering a smoother ride experience.

## NISSAN TECHNOLOGY

# GO BEYOND

**SELECT A POWER TRAIN TO SUIT YOU:** Diesel, petrol, 2WD, 4WD, manual or Xtronic transmission. With Intelligent Stop/Start and active aerodynamics, you'll benefit from the dynamic performance of Nissan's efficient technologies technologies combined with low CO<sub>2</sub> emissions.

### XTRONIC TRANSMISSION

The Xtronic automatic transmission enhances driving pleasure by providing better acceleration and responsiveness while improving fuel economy.

## VERSATILE STORAGE

# OPEN A WORLD OF POSSIBILITIES

**FLAT FLOOR.** When the rear seats are folded, Nissan Qashqai offers a flat luggage floor making it easy to load and unload long items as well as under-floor storage to keep valuables out of sight.

**HAVE IT YOUR WAY.** With the seats upright, you can flip up the luggage board system for up to 16 luggage combinations! You can even store the parcel shelf under the boot floor. Nissan Qashqai's innovative luggage storage provides versatile solutions to transporting anything and everything.

**KEEP IT AT YOUR FINGER TIPS.** Nissan Qashqai's new centre console design offers smart storage to keep all of your everyday items close at hand.

1) In accordance with 1999/99/EC. Figures are intended for comparisons between vehicles and may not reflect real driving results. Optional equipment, maintenance, driving behaviour, road and weather conditions may affect the official results.  
 2) Figures in accordance with EC Directive. Kerb weight condition is without driver and including coolant, oils, fuel, spare wheel and tools. Payload will be reduced depending on the options and/or accessories installed.  
 3) In accordance with 1999/100/EC. Figures are intended for comparisons between vehicles and may not reflect real driving results. (Optional equipment, maintenance, driving behaviour, road and weather conditions may affect the official results)  
 \* The dCi 110 and dCi 130 engines fitted to the Nissan Qashqai include a diesel particulate filter (DPF) to reduce emissions. The functionality of a DPF may not be suitable for all customers. If your journeys are predominantly urban or low speed, a model without a DPF may be a more suitable alternative.

## DPF FILTER

### WHAT IS A DPF?

A **DIESEL PARTICULATE FILTER (DPF)** forms part of the vehicle's exhaust in order to limit the amount of soot particles contained within the exhaust gas passing into the atmosphere.

When the amount of soot in the filter reaches a specific level, this needs to be reduced in order to maintain the filter's function.

This reduction is called '**REGENERATION**' and is carried out by the vehicle's electronic control system which raises the exhaust gas temperatures during normal driving. If a vehicle requires frequent regeneration due to driving style, these high temperatures cause the engine oil to degrade more quickly.

However, from 2011 onwards Nissan vehicles were fitted with an **OIL CHANGE SUPERVISOR (OCS)** as well as a DPF to help monitor the condition of the oil and ensure the quality never falls below a minimum level.

### WHAT IF I ONLY DRIVE SHORT JOURNEYS?

If the vehicle is only driven for short journeys, or at low speed, then it may not be possible for regeneration to occur. In this situation, the below warning lights will be illuminated on your dashboard.

Please refer to your Owner's Manual for further information.

After seeing these warning lights you need to drive, as soon as possible, above 40mph until the light goes out. This can take up to 30 minutes depending on the amount of soot collected in the filter.

### WHAT IF I IGNORE THEM?

If you continue to drive at low speeds the exhaust gas temperatures cannot rise, so regeneration cannot occur. In this instance, a combination of the below warning lights will be illuminated on you dashboard.

In this case, and in order to protect the engine and DPF Filter, the vehicle will require '**SERVICE REGENERATION**' which can only be carried out by a workshop equipped with Nissan diagnostic equipment. You will need to go to your nearest Nissan dealer in case the oil and filter needs to be replaced.

As '**SERVICE REGENERATION**' is not a manufacturing fault, so the cost will **NOT** be covered under warranty.

### VAT and VED

VAT application is based on current HMRC guidelines, please check with HMRC for specific guidance for the vehicle you are purchasing. VED is determined by the DVLA, please check with the DVLA for specific guidance for the vehicle you are purchasing.

**Optional equipment.** This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

Nissan's commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

**Manufacturer's warranty** – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer. Petrol and diesel engine cars - Three-year/60,000 miles. Petrol and diesel engine LCVs and Navara - Five-year/100,000 miles.

**LEAF and e-NV200** – Nissan LEAF and e-NV200 offer a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. This is with the expression of e-NV200 which offers a 5-year / 60,000 mile warranty on mechanical components and corrosion\*. The Nissan LEAF and e-NV200 lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF and e-NV200's capacity gauge for a period of 5 years / 60,000 miles. For LEAF and e-NV200 flex customers, the battery state of health guarantee applies for the duration of the battery lease.

\*The Basic Vehicle Warranty for e-NV200, according to 3.1 of the Warranty Booklet and Maintenance Record, is extended to 5 years (from the warranty start date) / 60,000 miles (whichever comes first). Only vehicles registered on or after 1st November 2016 are eligible for the Extended Warranty. Body parts and paint excluded during year four and year five. Terms and exclusions apply, for further information please see Extended Warranty Terms and Conditions. Apart from the afore-mentioned, all warranty conditions included in the Warranty Booklet and Maintenance Record remain unchanged. Issuer of this Extended Warranty is Nissan International Insurance Ltd
