## SEE MORE AROUND YOU A WHOLE NEW PERSPECTIVE.

Parking and manoeuvring is a breeze when you've got an extra pair of eyes. The Nissan Intelligent Around-View Monitor uses four cameras to give you a virtual bird's-eye view of your QASHQAI with selectable split-scene close-ups of the front, rear and kerbside to give you an even better look. You'll be sure to fit into your chosen spot and every move you make will be simpler and more precise.

### RIGHT ON THE NOSE.

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up – without going too far.

### COMPLETE THE PICTURE.

Located under the door mirrors, these cameras complete your virtual 360° bird's-eye view for every manoeuvre

### SPARE YOUR WHEELS.

In Drive or Reverse, you can push the camera button to switch between the overhead view for a close-up side view. A great help for checking your distance from the kerb.

### BACKGROUND SAVVY.

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your line of sight.

GET A HAND WHEN YOU WANT IT  
**RELAX, YOU'RE NOT ALONE.**

Nissan Intelligent Mobility is taking your driving experience to the next level. It's bringing you and your QASHQAI closer through Intelligent Driving technologies that make you feel more confident and in control. It's turning driving into a more exhilarating experience and making the road a better place to be everyday.

**INTELLIGENT PARK ASSIST WITH NEW REAR CROSS-TRAFFIC ALERT**  
Let New QASHQAI take over steering duties in tight parking spots - and let Rear Cross-Traffic Alert warn you of approaching traffic when you are reversing.

GET A HAND WHEN YOU WANT IT  
STEPS IN WHEN YOU NEED IT.

Nissan's Intelligent Driving technologies are always on the alert and ready to step in to keep you out of trouble.

**LANE DEPARTURE WARNING.** Always alert. This system will react with an audible warning if you start drifting out of lane without indicating.

**INTELLIGENT EMERGENCY BRAKING.** New QASHQAI looks out for you - and those around you. If there are any objects in your way, this system will warn you. It will even help you to reduce speed if necessary.

**INTELLIGENT AUTO HEADLIGHTS WITH NEW ADAPTIVE FRONT LIGHTING SYSTEM.** New QASHQAI's sleek headlights intelligently light your way by automatically turning on when it gets dark or when you enter a tunnel or underground car park. The Adaptive Front Lighting System controls the LED headlight beam to improve your visibility whilst cornering. On a winding road, the system will dynamically change the lighting pattern to illuminate the apex of each curve, depending on your speed and steering input.

\*Optional from N-Connecta grade. Standard from Tekna grade

**TRAFFIC SIGN RECOGNITION.** This system keeps you up to date with the latest speed limit by detecting road signs as you go.

**BLIND SPOT WARNING.** Boost your vision: the system will warn you if there are vehicles in the blind spots diagonally behind the car.

## SEE MORE AROUND YOU

# IT SENSES MOVEMENT AND WARNS YOU.

Nissan's Intelligent Driving technologies use advanced radar technology to constantly monitor activity going on around you, keeping tabs on the traffic and helping you handle any unexpected situations.

## DRIVE MORE LIKE A PRO GAIN CONFIDENCE, OWN THE ROAD.

So agile and responsive, so smooth to handle, so supple and yet secure: the New QASHQAI is an engaging drive thanks to Nissan's innovative Chassis Control technology.

**INTELLIGENT ENGINE BRAKE.** This technology adds engine braking to the Xtronic automatic transmission, applying greater control when cornering or braking. By minimising the frequency and effort normally required to brake the vehicle, the system increases driver comfort and safety.

**INTELLIGENT 4x4.** Off road or on road, the New QASHQAI's 4x4 technology maximises tyre traction. Using advanced sensors, the Intelligent 4x4 system monitors the traction at the wheels and by measuring wheel slip, instantly redistributes torque by up to 50% to the rear wheels.

**INTELLIGENT RIDE CONTROL.** Take the rough with the smooth. This system applies subtle braking to prevent disturbance when encountering bumps and ensures a comfortably smooth ride.

AT NISSAN,  
**WE FOCUS  
ON QUALITY.**

## MASTERED THROUGH EXPERIENCE.

At Nissan, we do everything with the customer in mind. Every action and decision we make, is made with the utmost care, precision and quality because ultimately, it's for you. From conception to car construction, from testing to transparency, from customer service to commitment. Quality is in every fine detail.

### 360° PROCESS

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

### SAFETY

We work with our intelligent driving systems to constantly look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

### EXTREME RELIABILITY

We push our cars to the limit to guarantee their daily performance and reliability. We travel millions of kilometres in pre-production tests, open and close doors and bonnets thousands of times a day and even use real volcanic dust from Japan to test window resistance.

### ULTIMATE PROOF | reevoo

Our commitment to quality is best demonstrated by you. Search for testimonials, reviews and ratings online or find out what people are saying about Nissan on Reevo. It's the best place to compare vehicles and get real answers from real owners you can trust.

DPF FILTER

WHAT IS A DPF?

A **DIESEL PARTICULATE FILTER (DPF)** forms part of the vehicle's exhaust in order to limit the amount of soot particles contained within the exhaust gas passing into the atmosphere.

When the amount of soot in the filter reaches a specific level, this needs to be reduced in order to maintain the filter's function.

This reduction is called '**REGENERATION**' and is carried out by the vehicle's electronic control system which raises the exhaust gas temperatures during normal driving. If a vehicle requires frequent regeneration due to driving style, these high temperatures cause the engine oil to degrade more quickly.

However, from 2011 onwards Nissan vehicles were fitted with an **OIL CHANGE SUPERVISOR (OCS)** as well as a DPF to help monitor the condition of the oil and ensure the quality never falls below a minimum level.

WHAT IF I ONLY DRIVE SHORT JOURNEYS?

If the vehicle is only driven for short journeys, or at low speed, then it may not be possible for regeneration to occur. In this situation, the below warning lights will be illuminated on your dashboard.

Please refer to your Owner's Manual for further information.

After seeing these warning lights you need to drive, as soon as possible, above 40mph until the light goes out. This can take up to 30 minutes depending on the amount of soot collected in the filter.

WHAT IF I IGNORE THEM?

If you continue to drive at low speeds the exhaust gas temperatures cannot rise, so regeneration cannot occur. In this instance, a combination of the below warning lights will be illuminated on you dashboard.

In this case, and in order to protect the engine and DPF Filter, the vehicle will require '**SERVICE REGENERATION**' which can only be carried out by a workshop equipped with Nissan diagnostic equipment. You will need to go to your nearest Nissan dealer in case the oil and filter needs to be replaced.

With a Nissan Service Plan you will benefit from genuine Nissan parts and Nissan Genuine Motor Oil, which have been engineered specifically for Nissan vehicles.

As '**SERVICE REGENERATION**' is not a manufacturing fault, so the cost will **NOT** be covered under warranty.

**Optional equipment.** This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

**Nissan's** commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

**Manufacturer's warranty** – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer. Petrol and diesel engine cars – Three-year/60,000 miles. Petrol and diesel engine LCVs and Navara – Five-year/100,000 miles.

**LEAF and e-NV200** – Nissan LEAF and e-NV200 offer a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. This is with the expression of e-NV200 which offers a 5-year / 60,000 mile warranty on mechanical components and corrosion\*. The Nissan LEAF and e-NV200 lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF and e-NV200's capacity gauge for a period of 5 years / 60,000 miles. For LEAF and e-NV200 flex customers, the battery state of health guarantee applies for the duration of the battery lease.

\*The Basic Vehicle Warranty for e-NV200, according to 3.1 of the Warranty Booklet and Maintenance Record, is extended to 5 years (from the warranty start date) / 60,000 miles (whichever comes first). Only vehicles registered on or after 1st November 2016 are eligible for the Extended Warranty. Body parts and paint excluded during year four and year five. Terms and exclusions apply, for further information please see Extended Warranty Terms and Conditions. Apart from the afore-mentioned, all warranty conditions included in the Warranty Booklet and Maintenance Record remain unchanged. Issuer of this Extended Warranty is Nissan International Insurance Ltd
