NISSAN SAFETY SHIELD® FEEL EMPOWERED

DISCOVER A DRIVE THAT'S ALIVE WITH TECHNOLOGIES, using cameras and sensors the All New Nissan Qashqai delivers 8 different safety systems which work together to build your confidence and keep you on top of your surroundings at all times.

HIGH BEAM ASSIST

When driving on a country road, for example, this system maximises your visibility by activating your high beams and temporarily dipping the lights when it recognises oncoming or distant traffic. With the full LED headlamps, All New Nissan Qashqai offers a wider and more illuminating driving experience.

TRAFFIC SIGN RECOGNITION

The system keeps you up to date with all the latest speed limits by detecting the road signs as you go.

LANE DEPARTURE WARNING

Watch out, you'll be warned if you drift out of your lane. Unless you're indicating, the system will remind you to straighten up. While it can detect the faintest road markings, it'll adjust its sensitivity on rural roads to allow for the different driving style required.

FORWARD EMERGENCY BRAKING

Depending on speed and situation, Nissan's Forward Emergency Braking system may in certain circumstances reduce the impact of a collision by automatically activating the brakes if you get too close to the car in front of you.

MOVING OBJECT DETECTION

Meet your digital parking co-pilot. This function lets you know if anything is approaching, with its 360 degree coverage – not just objects but children and animals too.

BLIND SPOT WARNING

What you can't see, All New Nissan Qashqai can. If there's a vehicle in your blind spot area on either side of your car, a warning light will illuminate on the interior door panel. If you're indicating to change lanes and a vehicle is dangerously close, the light will flash and you'll hear a warning sound too.

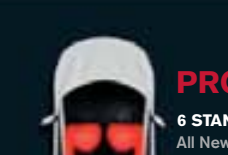

EURO NCAP 2014

All New Nissan Qashqai has received a maximum five-star rating from the independent vehicle safety organisation Euro NCAP.

DRIVER ATTENTION ALERT

No risk of nodding off or losing focus: the system judges your concentration levels and fatigue state according to your input and warns you if you need a break with an audible and visible signal.

PROTECT

6 STANDARD AIRBAGS

All New Nissan Qashqai offers a full suite of active and passive safety features, with Nissan Safety Shield® and front, side and curtain airbags.

NISSANCONNECT

SMART AND FUNCTIONAL. NissanConnect is incredibly easy to use thanks to the high resolution 7" anti-glare touchscreen. It comes equipped with a rich range of features including audio, navigation and communication functions as well as cutting edge connectivity and smartphone integration features.

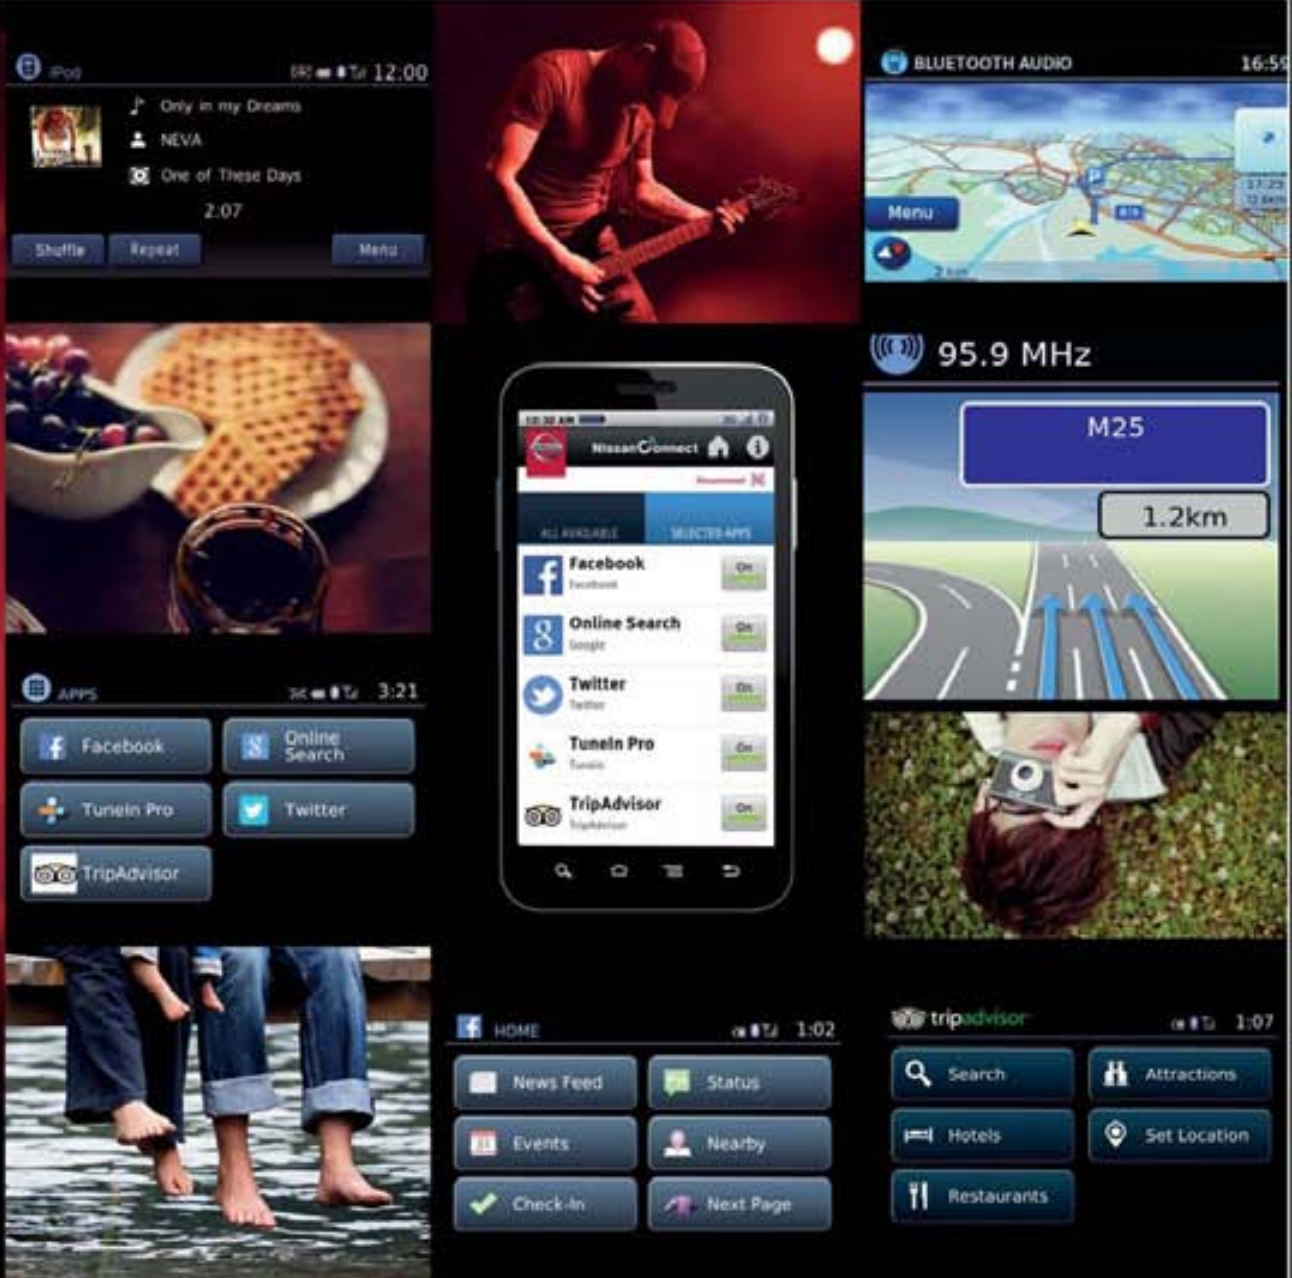

CONNECTED WHEREVER YOU GO. NissanConnect offers Smartphone integration. Enjoy an ever evolving list of applications* from the comfort of your Nissan's display screen, all tailored to enhance your overall driving experience in a safe way.

INTELLIGENT DRIVER ASSISTANCE and navigation functions support you in all kinds of traffic situations with motorway exit views, lane guidance and dynamic re-routing.

STREAMING AUDIO VIA BLUEBOOTH®. Enjoy digital radio, Over The Air internet radio, or stream music from your mobile phone.

IPOD/ USB INPUT. Plug in your iPod or MP3 player to access your entire music library while you're on the road.

*Driving is a serious business. Only use NissanConnect services when safe to do so. Some applications shown are not yet available and more will be available at a later date. NissanConnect service subscription required but is available on a complimentary basis for 2 years from registration. Service and applications only available in select European countries and on select Nissan models. Services and applications may be provided by third parties outside Nissan's control and are subject to change without notice or liability to Nissan or its agents (including, without limitation, services cancelled/suspended by third parties.) Certain remote functions require compatible phone or device, not included with the vehicle. Cellular networks are provided by cellular companies, and are not within Nissan's control. Cellular networks not available in all areas. Roaming charges and/or data usage charges may apply. Nissan is not responsible for any equipment replacement or upgrades or associated costs that may be required for continued operation due to service changes.

TAKE IT EASY

USING 4 CAMERAS, Around View Monitor delivers a panoramic view around All New Nissan Qashqai to make reversing and parking a real breeze. Choose a bird's eye view to check out the lay of the land from above then opt for different dual views while manoeuvring – once you try it you will never want to drive a car without it!

INTELLIGENT PARK ASSIST

PARALLEL PARKING. Drive up, size up your space and if Intelligent Park Assist says 'OK', position All New Nissan Qashqai within the frame and activate automatic manoeuvring for perfect parking.

BAY PARKING. In multi-storey car parks and busy supermarket bays, the Around View Monitor helps you find the best spot and fit. The Intelligent Park Assist system will even reverse park your All New Nissan Qashqai for you.

AROUND VIEW MONITOR

AVOID ANY SCRATCHES. When driving forwards or in reverse, push the camera button to switch off the overhead view for a side view – great for checking how close you are to the kerb.

COVER THOSE BLIND SPOTS. In reverse, see what's directly behind you and use the overhead view to check for short objects that may otherwise be hidden below your line of vision.

CHASSIS CONTROL functions are displayed on your TFT display screen: Active Trace Control, Active Engine Brake and Active Ride Control work together to keep you in the driving seat.

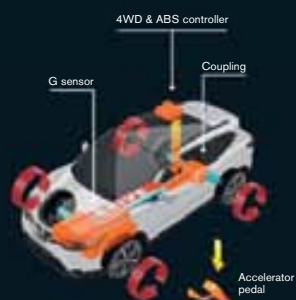

ACTIVE TRACE CONTROL delivers confident handling when cornering by controlling brake pressure on each wheel to help trace the line of each bend and deliver smooth vehicle responses.

ACTIVE ENGINE BRAKE (Xtronic models only) enables smoother cornering and straight-line deceleration for a direct and engaging driving experience.

ACTIVE RIDE CONTROL applies subtle braking to restrain uncomfortable upper body motion and enhance ride comfort.

ALL MODE 4x4-i: off-road or on-road, 4x4-i maximises tyre traction by measuring wheel slip and instantly distributing torque automatically, with up to 50% going to the rear wheels. This intelligent system will also move the torque left and right to maximise traction.

CHASSIS CONTROL REVEL IN THE RESPONSE

CONFIDENT COMPOSURE with All New Nissan Qashqai intuitive Chassis Control functions to back you up. Nissan's Chassis Control system delivers responsive and engaging handling, while delivering a smoother ride experience.

Optional equipment. This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

Nissan's commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

Three-year/60,000 miles manufacturer's warranty – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

LEAF – Nissan LEAF offers a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. The Nissan LEAF lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF's capacity gauge for a period of 5 years / 60,000 miles. For LEAF flex customers, the battery state of health guarantee applies for the duration of the battery lease.

NV200 Combi - New Vehicle Warranty is issued by Nissan International SA is valid for 3 years from the warranty start date or 60,000 miles, whichever comes first. In addition, for each new NV200 Combi sold by an authorised UK Nissan dealer, Nissan Motor (GB) Limited (NMGB) will issue an extension to the New Vehicle Warranty. This warranty extension will cover your vehicle from 60,000 miles up to 100,000 miles or 3 years from the warranty start date, whichever comes first. Please note that audio and navigation units will not be covered by the warranty extension.
